How to find a symbol in the dictionary

This is the SUN dictionary of all the words in the New Testament.

The dictionary is organized by the basic symbols. Extensions are listed under the basic symbols they come from. The Table of Contents lists all the basic symbols and tells you the page number that symbol and its extensions are found.

When you find an extension you do not know, look at all the symbols in the extension. What basic symbol do you recognize? Choose the symbol that you notice first. Find that symbol on the Table of Contents. Notice the page number after the symbol. Turn to that page number. (page numbers are located at bottom of page). This will show you all the extensions that contain that symbol. Search for the extension you are wanting to know about. Read down the columns to find the symbol easier, and see the teaching aids along with the word it symbolizes.

Here are some examples:

Father - ☩ You will be able to find this symbol under the “man” Ⓜ and “love” ❤ section.

Eternal - ☽ You will be able to find this symbol under the “all” ☽ and “time” ☿ section.
